

Brackenrigg Holiday Cottage

Environmental Policy Statement

Brackenrigg Holiday Cottages provides high quality self-catering holiday accommodation across 4 units at Brackenrigg. Guests have access to the grounds, and gardens, woodland and play paddocks of 5 acres.

As Owners of Brackenrigg Holiday Cottages we recognise our responsibility to manage the environmental impacts of our activities, products and services. We have assessed our activities and identified that our significant environmental aspects/impacts include all those listed in our action plan attached to this document.

In order to promote good environmental practices, our Policy with regard to the environment is as follows: -

- 1. To identify the significant environmental impacts of our activities**
- 2. To develop suitable objectives, targets and management programmes, applying appropriate operational procedures to minimize our significant environmental impacts during normal, abnormal and emergency conditions.**
- 3. To comply with relevant legislation, regulation and other requirements relating to our significant environmental impacts.**
- 4. To prevent pollution, minimize our inputs of utilities and resources and the outputs of emissions to the atmosphere, effluents to waters/sewers and wastes to disposal facilities; endeavoring to re-use, recover or recycle materials where practicable,**
- 5. To ensure that environmental responsibilities are defined, communicated and understood by all participants in our organization and training provided & undertaken where needed.**
- 6. To ensure that suppliers & contractors understand Brackenrigg Holiday Cottages policy and assist them in developing appropriate systems and a responsible approach with regard to environmental issues.**
- 7. To communicate, co-operate and respond to the views of interested parties, including stakeholders, customers and the general public, on environmental issues, where this is practicable and likely to result in an overall improved environmental performance.**
- 8. To strive for continual improvement in overall environmental performance.**
